

KOMODO DRAGON

Komodo Dragon is on of Jamie Stern’s most popular foil-on-suede articles. Inspired by the hides of its namesake reptile, its naturalistic pattern and multi-colored sheen can’t help but draw the eye. Ideally suited for low traffic applications and decorative accent work, this article has been used to upholster everything from wall panels and throw pillows to ottomans and the backs of barstools. This striking quality is produced on Italian suede splits which receive a foil transfer pattern that adds a sense of visual splendor to any space while retaining a timeless, soft hand.
